

Coadded Image

- Stars Used for PSF interpolation
- Black → Low Flux
 - Red → Higher Flux
 - Blue → Even Higher Flux
 - Green → Brightest stars

Fraction of stars with size smaller than PSF

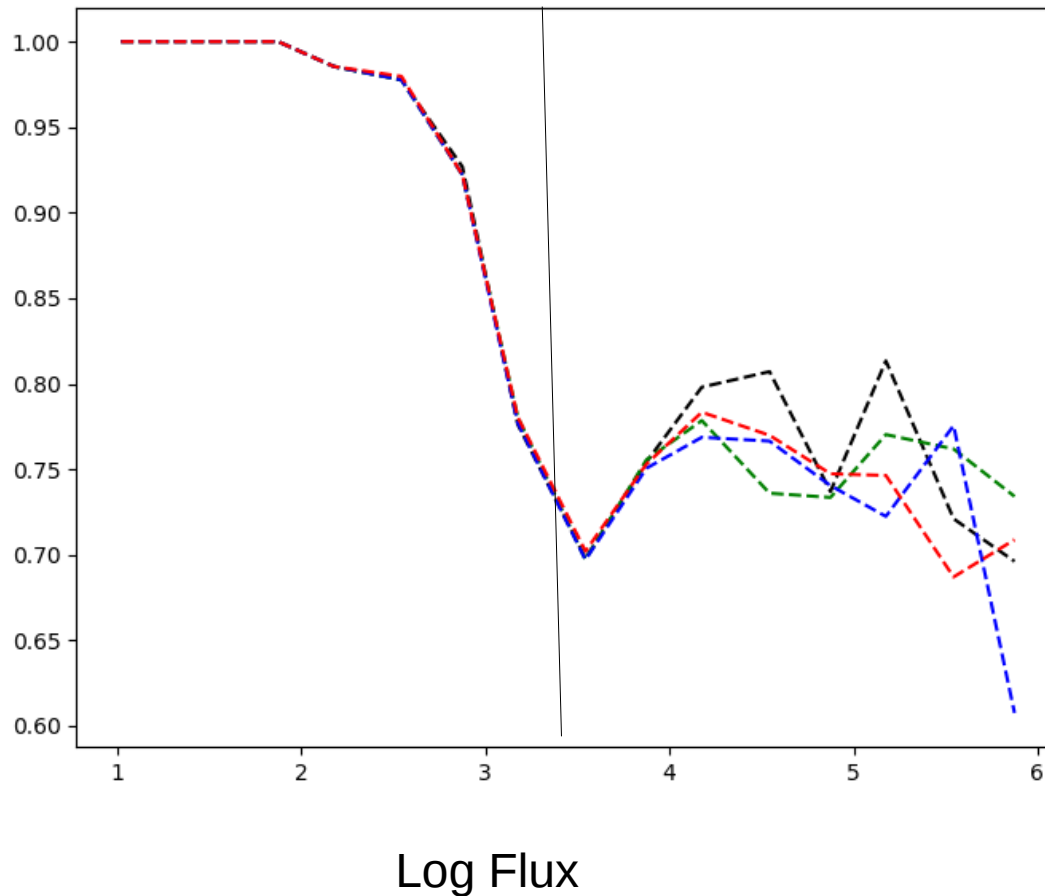

Line shows appx location where stars are visible with naked eye

Log Flux

Single Frame Image

- Stars Used for PSF interpolation
- Black → Low Flux
 - Red → Higher Flux
 - Blue → Even Higher Flux
 - Green → Brightest stars

Fraction of stars with size smaller than PSF

Line shows appx location where stars are visible with naked eye
